

Leadership

President's **REPORT**

Well, one year in the books. Time flies when you're having fun! We had a very successful and productive annual meeting. Pastor Kathy did a great job reviewing our year for us and shared many great photos and memories with us. The annual meeting was well attended and, in case you missed my comments, I was very disappointed in our potluck; not a single sauerkraut dish or German chocolate cake (my two favorites). 😊

Thank you to those who served on our Council: Brian Katke, Walt Faubion, David Bareis, Beth Timmerman, Shirley Weatherwax, and Rich Steen. Dedicating yourself to being on Council is not always easy and takes time out of our already hectic lives. Thank you to each of them for giving their talents and time.

We will kick off the new Council year on Saturday, February 24th with a retreat designed for team building, setting direction, reviewing goals, and preparing for the year to come. I'm excited and hopeful for the coming year.

May God give us wisdom and guidance.

~ Rick Eder

Capital Improvement Campaign Update

Join us for an update on the CIC, **Sunday, March 4th**, following the Celebration worship service. We will discuss the current status of the second phase of the campaign, which includes work in the kitchen and fellowship hall.

The January Council minutes have not yet been approved as of this printing because the Council will not meet until February 24. After approval, a full copy of the minutes will be available from the office.

Council meetings are open to Zion members. If you have something to bring to Council, please inform Rick Eder, Council president, so you can be included on the agenda.
