

Worship & Music

Celebrate and be blessed for the growing season to come on Sunday, May 6th, at both services.

Blessing of the Tractors,
rototillers, shovels and
gardening gloves ...

Join us on May 6 during worship for our fifth annual blessing of the tractors. Known traditionally as ***Rogation Sunday***, congregations around the world gather each spring to give thanks for those who work the soil, bring food and flowers to people, and ask for safety from accident and harm.

This will also be Vicar Michael's last Sunday preaching at Zion before his internship ends and only his second Rogation Sunday service. Bring tools you use to work the soil and we will pray blessings on them at the end of the worship service. Tractor parking is available!
